Information.

OF ADMISSION.

For admission to the Freshman Class of the Classical Course, an examination must be well sustained in the following studies, or their equivalents:—

LATIN—Six books of the Æneid; three books of Cæsar's Commentaries; five Orations of Cicero; Harkness' Grammar, including Prosody; Harkness' Introduction to Latin Composition, to Part III; Liddell's History of Rome, to Book IV.

GREEK—Goodwin's Greek Reader, or two books of Homer's Iliad, with three books of Xenophon's Anabasis; Hadley's or Goodwin's Greek Grammar, including Prosody; writing Greek, with Accents.

MATHEMATICS—Arithmetic; Algebra, to equations of second degree; the first four books of Loomis's Geometry.

GEOGRAPHY, HISTORY, ETC.—Modern Geography; History of the United States; English Grammar.

☞ Candidates for admission to the Freshman Class of the Scientific Course are examined as above, with the omission of Latin and Greek.

Whoever offers himself for examination thereby pledges himself immediately to enter the Class for which he is examined, if admitted on his examination; and those not candidates will not be examined at all.

Candidates for advanced standing will be examined in the studies which have been previously pursued by the classes which they propose to enter. Candidates from other colleges will be required to present certificates of dismission in good standing.

Tuition—The annual tuition fee for each student is thirty dollars. No reduction for absence, except in cases of prolonged sickness.

OF TERMS.

The First Term of the regular course of study will begin the Wednesday next preceding the fourth Sunday of August, and close December 24th.

The Second Term will begin on the second Wednesday of February and continue to Commencement day—Thursday next preceding the 4th of July, unless both occur the same week, in which case Commencement will be on Thursday of the next preceding week.

OF EXAMINATIONS.

There will be two examinations of all the classes each year, one at the close of each term, partly oral, and partly in writing.

OF PUBLIC WORSHIP.

Prayers are attended in the college chapel every morning, with reading of the Scriptures, and all the students are required to be present.

Students are required to regularly attend, on Sunday, the church of their choice.

E. T. SHERMAN PRIZES.

A prize of Twenty Dollars will be given annually to the student of the Junior Class who shall pass the most perfect written examination in Latin at the close of the Junior year.

Awarded in 1878 to William H. Nickelson, of Canton.

A prize of Fifteen Dollars will be given annually to the student of the Junior Class who shall pass the most perfect written examination in Mathematics.

COMMITTEE ON PRIZES.

Prof. O. Cone, D. D. Wm. A. Poste, A. M.

SCIENTIFIC COURSE.

Students in this course have the option of pursuing any two of the three languages, French, German and Latin. When Latin is taken, it is read through the entire course. Most of the scientific students elect Latin as one of their languages.

Students wishing to teach are allowed to be absent not more than ten weeks in any one year, on the condition of passing a satisfactory examination before the Faculty on all the subjects read by the class during their absence.

DEGREES.

Graduates in the Classical Course receive the Degree of B A.
Graduates in the Scientific Course receive the Degree of B. S.

The degree of M. A. or M. S. is conferred, in course, on such graduates of not less than three years' standing as shall, to the acceptance of the Faculty, have pursued, subsequent to graduation, professional, literary, philosophical or scientific studies.

Laws and Regulations.

OF THE

ST. LAWRENCE UNIVERSITY.

I.

OF THE GOVERNMENT OF THE COLLEGE.

The President, in accordance with the By-Laws and resolutions of the Board of Trustees, shall supervise and direct the course of instruction and discipline of the College.

II.

RULES.

1—Every Student shall be subject to the laws and government of the College, and show in speech and behavior all proper respect and obedience to the Faculty. Any transgression of this law may be punished even to expulsion, as the nature and aggravation of the case may demand.

2—If any student shall be guilty of an injury to the person, property, or premises of a fellow student, or of any other person in the town of Canton; or if he deface, or in any way injure the college walls, furniture and buildings, he shall make satisfaction therefor, according to the nature of the offense or injury; and be also subject to such punishment as the case may require.

3—Every student of the University, during the hours of study, shall abstain from hallooing, singing, loud talking, playing on a musical instrument, and other disorderly noises in and around the college buildings.

4—No student shall go out of town, so as to be absent from any college exercise, without leave first obtained from the President, or some member of the Faculty.

5—Whenever any member of the Faculty shall be convinced that a student is guilty of frequenting bar-rooms, saloons, or of spending evenings in them, and playing games; or of disorderly behavior; or of keeping improper company; or of idleness, or of profane language, or profaning Sunday; or of the habitual use of intoxicating drinks; or, that he is frequently absent from his room late at night, or in study hours, without sufficient reason, he shall admonish him of his behavior, and if he continue unreformed, it shall be notified to the Faculty, who shall admonish him again, and make known his case to his parent or guardian; if he continues unreformed, he shall be sent home, and shall not be admitted again except by vote of the Faculty.

6—Every student shall be answerable for all vicious, scandalous and immoral conduct during the several vacations, and when absent by leave, the same as in term-time when present.

7—Monthly reports of the standing and conduct of each student are made to his parents or guardian by the President: hence, if a student falls behind in his studies, or becomes disorderly, it is quickly known to those most interested.

III.

PAYMENT OF BILLS.

No student shall be permitted to enter on a second, or any succeeding term, until he shall have paid, or made satisfactory arrangements with the Treasurer for the payment of the fees of the preceding term.

IV.

It is earnestly desired by the government of the University, that the students may be influenced to good conduct and diligence in study, by higher motives than the fear of punishment.

The sense of duty and honor, and the generous feelings which belong to young men and women engaged in honorable pursuits, are appealed to as the best regulators of the student's conduct.

Free Scholarships.

Four Scientific and Four Classical Scholarships (two annually) to the Union High School of Canton.

Four Classical Scholarships (one annually) to the Ogdensburg Educational Institute, of Ogdensburg, St. Lawrence county.

Four Classical Scholarships (one annually) to the High School of Massena, St. Lawrence county.

Four Scientific Scholarships (one annually) to the High School of Richville, St. Lawrence county.

Four Classical Scholarships (one annually) to the Academic Department of the Union School of Waddington, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to the High School of Hermon, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to Lawrenceville Academy, Lawrenceville, St. Lawrence county.

Two Scientific and Two Classical Scholarships (one annually) to the Union High School of Gouverneur.

Four Scientific and Four Classical Scholarships (two annually) to Clinton Liberal Institute, Clinton, Oneida county.

These Scholarships are granted and established under the following conditions and regulations:

1—They may be granted to students of either sex.

2—The candidate for a scholarship shall declare his purpose to pursue the full course of four years in the University.

3—The candidate shall be in good health, and pledged to study the laws of health, and observe them; and not less than fifteen years of age.

4—The candidate shall present to the Examining Committee evidence of good moral character.

5—A willful violation of the Rules and Regulations of the University; the use of intoxicating liquors as a beverage; or any course of conduct unbecoming a young man or young woman as a member of the University, shall be deemed by the President a sufficient cause to cancel said scholarship.

6—The following are the conditions of examination of candidates for scholarships, and apply alike to all the schools named:

The Scientific scholarship shall be granted to the candidate, who, before a committee appointed by, or caused to be appointed by the President of the University, shall be judged by said committee to have sustained the best examination requisite to enter the Scientific Course in the University, without conditions. The examination before the Examining Committee shall be final, and the certificate of said committee shall be deemed necessary and sufficient to take his place in the University.

The candidate for a Classical Scholarship, must receive from the Examining Committee a certificate for the best sustained examination requisite to enter the classical course in the University, without conditions.

7—In the case where four Scientific and four Classical scholarships are guaranteed, one of each shall be given annually.

8—The certificate of scholarship thus given to any young man or young woman, shall be held to cancel all claims for tuition from said person; subject to the conditions printed herewith [5 & 9].

9—In case any student holding one of these scholarships shall fail to maintain the requisite standing for continuance in the University, or from sickness or any cause, is absent for two successive term from the regular exercises of his class, the scholarship may be declared vacant by the President.

BOARD OF INSTRUCTION.

*Rev. EBENEZER FISHER, D. D.,

President, and Doekstader Professor of Theology and Ethics.

Rev. ORELLO CONE, D. D.,

Craig Professor of Biblical Languages and Literature.

Rev. J. S. LEE, D. D.,

Professor of Ecclesiastical History and Archæology.

Rev. A. B. HERVEY,

(Non-Resident Lecturer.)

Topic—Natural Theology.

Mrs. CAMMIE P. GAINES, B. A.,

Librarian.

It becomes our melancholy duty to record the sudden death of Rev. Dr. Fisher, the first President of the School, Feb. 21st. His connection with the School dates from its foundation, April 15th, 1858, and his distinguished services are too well known to require mention in this place.

The remaining Members of the Faculty, with the assistance of the Rev. Dr. Gaines, will carry on the work of the School through the present term, when the vacancy will be filled.

* Deceased February 21st, 1879.

FOUNDATION.

This School was established through efforts which originated in the New York Universalist Educational Society, and is sustained by the Universalist Denomination of Christians.

REQUISITES FOR ADMISSION.

Applicants for admission must bring satisfactory testimonials as to their moral and religious character; if they are Members of any Church, they should bring a certificate to that effect. They must also well sustain examination in the preparatory branches of an English education. They must be believers in the Holy Scriptures, must accept the Winchester Confession of Faith, and must have a fixed determination to devote their lives to the Christian Ministry.

DIPLOMAS.

Those only will be considered graduates of the School and entitled to its diploma, who shall have completed the three years' course of study herein laid down. Those who desire, may pursue a partial course, and will be entitled to a certificate stating the extent of the same.

DEGREES.

A Post Graduate Course has been established, to be completed in one year. The degree of *Bachelor of Divinity* is conferred on those completing this course, or its equivalent.

HERRING LIBRARY.

This Library was founded by the munificence of Mr. S. C. Herring, of New York. It contains a valuable and well selected collection of eight thousand volumes, composed in part of the libraries of the late Prof. Dr. K. A. Credner, of the University of Giessen, and of the late Rev. S. C. Loveland. The ample advantages thus furnished to students will be much increased by constant and liberal additions to the Library. Private Libraries, containing upwards of four thousand volumes, are also open for the use of students.

COURSE OF STUDY.

FIRST YEAR.

Theology of the New Testament—Oosterzee and Reuss. Modern Church History—Hase and Fisher. Criticism of Sermons. Introduction to the New Testament. Life of Christ—Pressence and Farrar.—History of the Jews, and their Literature. Lectures on the Psalms and Prophets.

GENERAL EXERCISES.

Lessons in Elocution are given on Monday of each week.

After the study of Homiletics is commenced, in the second year, sermons will be preached and criticised on Wednesday of each week during the remainder of the course.

A systematic and critical study of the New Testament in the order of the books, extending through the entire course, is conducted by Prof. Cone.

Conference Meetings are held every Sunday afternoon at three o'clock, in the College Chapel.

TERMS AND VACATIONS.

The Academic Year commences on the Third Wednesday in September, and ends on the last Thursday of June.

There are two vacations—one three weeks at the close of the first term; the next of twelve weeks, next preceding the commencement of the Academic Year.

EXPENSES.

No charge is made for tuition, or for the use of the Library.

Good board is furnished in the institution at $3.50 per week, washing included.

Students are expected to furnish their own bedding and the furniture of their rooms. A merely nominal sum is charged for room rent.

The necessary expenditure is at the minimum, about two hundred and forty dollars per year for each student.

The General Convention grants aid, by means of Loans, to needy students. And they can also add to their resources by preaching during vacation.

INFORMATION.

OF ADMISSION.

For admission to the Freshman Class of the Classical Course, an examination must be well sustained in the following studies, or their equivalents:—

Latin—Six books of the Æneid: three books of Cæsar's Commentaries; five Orations of Cicero; Harkness' Grammar, including Prosody: Harkness' Introduction to Latin Composition, to Part III; Liddell's History of Rome, to Book IV.

Greek—Goodwin's Greek Reader, or two books of Homer's Iliad, with three books of Xenophon's Anabsis; Hadley's or Goodwin's Greek Grammar, including Prosody; writing Greek, with Accents.

Mathematics—Arithmetic; Algebra, to equations of second degree; the first four books of Loomis's Geometry.

Geography, History, Etc.—Modern Geography; History of the United States; English Grammar.

☞ Candidates for admission to the Freshman Class of the Scientific Course are examined as above, with the omission of Latin and Greek.

Whoever offers himself for examination thereby pledges himself immediately to enter the Class for which he is examined, if admitted on his examination; and those not candidates will not be examined at all.

Candidates for advanced standing will be examined in the studies which have been previously pursued by the classes which they propose to enter. Candidates from other colleges will be required to present certificates of dismission in good standing.

Tuition—The annual tuition fee for each student is thirty dollars. No reduction for absence, except in cases of prolonged sickness.

OF TERMS

The First Term of the regular course of study will begin on Wednesday next preceding the fourth Sunday of August, and close December 24th.

The Second Term will begin on the second Wednesday of February and continue to Commencement day—Thursday next preceding the 4th of July, unless both occur the same week, in which case Commencement will be on Thursday of the next preceding week.

OF EXAMINATIONS.

There will be two examinations of all the classes each year, one at the close of each term, partly oral, and partly in writing.

OF PUBLIC WORSHIP

Prayers are attended in the college chapel every morning, with reading of the Scriptures; and all the students are required to be present.

Students are required to regularly attend, on Sunday, the church of their choice.

E. T. SHERMAN PRIZES.

A prize of Twenty Dollars will be given annually to the student of the Junior Class who shall pass the most perfect written examination in Latin at the close of the Junior year.

Awarded, in 1879, to Byron Traver, of Canton.

A prize of Fifteen Dollars will be given annually to the student of the Junior Class who shall pass the most perfect written examination in Mathematics.

Awarded, in 1879, to John L. Heaton, of Canton.

Committee on Prizes—Rev. Wm. A. Rich, Wm. A. Poste, M. A., Nelson Robinson, B. A.

SCIENTIFIC COURSE.

Students in this course have the option of pursuing any two of the three languages, French, German and Latin. When Latin is taken, it is read through the entire course. Most of the scientific students elect Latin as one of their languages.

Students wishing to teach are allowed to be absent not more than ten weeks in any one year, on the condition of passing a satisfactory examination before the Faculty on all the subjects read by the class during their absence.

DEGREES.

Graduates in the Classical Course receive the Degree of Bachelor of Arts.

Graduates in the Scientific Course receive the Degree of Bachelor of Science.

The degree of M. A. or M. S. is conferred, in course, on such graduates of not less than three years' standing as shall, to the acceptance of the Faculty, have pursued, subsequent to graduation, professional, literary, philosophical or scientific studies.

LIBRARY.

All students in good standing are entitled to the privileges of Herring Library, which contains more than eight thousand volumes, comprising all classes of subjects.

READING ROOM.

A Reading Room, well furnished with necessary tables, racks, &c., and supported and controlled by the students of

both departments, is open at all hours of the day. The following list of Reviews, Papers, &c., are on file the present year:

Appleton's Art Journal, School Bulletin, Journal of Chemistry.

Reviews—Princeton, North American, International, Edinburgh, British, London, Westminster, Blackwood's.

Magazines—Scribner's, Harper's, Atlantic.

Daily Papers—Utica Morning Herald, N. Y. Graphic.

Semi-Weeklies—Tribune, World.

Weeklies—Harper's, Scientific American, Nation, Evening Post, Boston Post, Louisville Courier, San Francisco Chronicle, and the papers of the County.

LAW LECTURES.

Through the courtesy of gentlemen of the legal profession, friends of the institution, with the assistance of members of the Faculty, the following course of Lectures has been presented to the students of the University. This course will be continued throughout the year:

1. Rev. A. G. GAINES, D. D.—Introductory Address.

2. Prof. A. Z. SQUIRE, A. M.—"Domestic Relations."

3. WILLIAM A. POSTE, A. M.—"Origin and Growth of the Common Law."

Laws and Regulations.

I.

OF THE GOVERNMENT OF THE COLLLGE.

The President, in accordance with the By-laws and resolutions of the Board of Trustees, shall supervise and direct the course of instruction and discipline of the College.

II.

RULES.

1. Every student shall be subject to the laws and government of the College, and show in speech and behavior all proper respect and obedience to the Faculty. Any transgression of this law may be punished even to expulsion, as the nature and aggravation of the case may demand.

2. If any student shall be guilty of an injury to the person, property or premises of a fellow student, or of any other person within the town of Canton, or deface, or in any way injure the College walls, furniture and buildings, he shall make reparation therefor, according to the nature of the offense or injury, and be also subject to such punishment as the case may require.

3. Every student of the University, during the hours of study, shall abstain from hallooing, singing, loud talking, playing on a musical instrument, and from making any disorderly noise in the college, or around the College Buildings.

4. No student shall go out of town, so as to be absent from any College exercises, without leave first obtained from the President or some member of the Faculty.

5. Whenever any member of the faculty shall be convinced that a student is guilty of frequenting bar-rooms, billiard-rooms, saloons, or of spending evenings in them and playing games; or of disorderly behavior; or of keeping improper company; or of idleness, or profane language, or profaning the Sabbath; or of the habitual use of intoxicating drinks; or that he is frequently absent from his room late at night, or in study hours without sufficient reason; he shall admonish him of his behavior, and if he continues un-reformed, it shall be notified to the Faculty, who shall admonish him again, and make known his case to his parent or guardian; if he continues un-reformed, he shall be sent home, and shall not be admitted again except by a vote of the Faculty.

6. Every student shall be answerable for all vicious, scandalous and immoral conduct during the several vacations, and when absent by leave, in the same manner as in term-time when present.

7. Monthly reports of the standing and conduct of each student are made to his parents or guardian by the President; hence, if a student falls behind in his studies, or becomes disorderly, it is quickly known to those most interested.

III.

PAYMENT OF BILLS.

No student shall be permitted to enter on a second, or any succeeding term, until he shall have paid, or made satisfactory arrangements with the Treasurer for paying the fees of the preceding term.

IV.

It is earnestly desired by the government of the University, that the students may be influenced to good conduct and diligence in study, by higher motives than fear of punishment.

The sense of duty and honor, and the generous feelings which belong to young men and women engaged in honorable pursuits, are appealed to as the best regulators of the student's conduct.

Free Scholarships.

Four Scientific and Four Classical Scholarships (two annually) to the Union High School of Canton.

Four Scientific Scholarships (one annually) to the High School of Madrid, St. Lawrence county.

Four Classical Scholarships (one annually) to the High School of Massena, St. Lawrence county.

Four Scientific Scholarships (one annually) to the High School of Richville, St. Lawrence county.

Four Classical Scholarships (one annually) to the Academic Department of the Union School of Waddington, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to the High School of Hermon, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to Lawrenceville Academy, Lawrenceville, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to the Union High School of Gouverneur.

Four Scientific and four Classical Scholarships (two annually) to Clinton Liberal Institute, Fort Plain, Montgomery county.

These Scholarships are granted and established under the following conditions and regulations:

1. They may be granted to students of either sex.

2. The candidate for a scholarship shall declare his purpose to pursue the full course of four years in the University.

3. The candidate shall be in good health, and pledged to study the laws of health, and observe them; and not less than fifteen years of age.

4. The candidate shall present to the examining Committee evidence of good moral character.

5. A wilful violation of the Rules and Regulations of the University; the use of intoxicating liquors as a beverage; or any course of conduct unbecoming a young man or young woman as a member of the University, shall be deemed by the President a sufficient reason to cancel said scholarship.

6. The following are the conditions of the examination of candidates for scholarships, and they apply alike to all the schools named:

The Scientific scholarship shall be granted to the candidate, who, before a committee appointed by, or caused to be appointed by the President of the University, shall be judged by said committee to have sustained the best examination requisite to enter the Scientific Course in the University, without conditions. The examination before the Examining Committee shall be final, and the certificate of said committee shall be deemed sufficient to enable the student to take his place in the University.

The candidate for a Classical Scholarship, must in like manner receive from the Examining Committee a certificate for the best sustained examination requisite to enter the Classical Course in the University, without conditions.

7. In the case where four Scientific and four Classical scholarships are guaranteed, one of each shall be given annually.

8. The certificates of scholarship thus given to any young man or young woman shall be held to cancel all claims for tuition from said person, subject to the conditions printed herewith [5 and 9].

9. In case any student holding one of these scholarships shall fail to maintain the requisite standing for continuance in the University, or from sickness, or any other cause, is absent for two successive terms from the regular exercises of his class, the scholarship may be declared vacant by the President.

INFORMATION.

FOUNDATION.

This School was established in April, 1858, through efforts which originated in the New York Universalist Educational Society, and is sustained by the Universalist Denomination of Christians.

REQUISITES FOR ADMISSION.

Applicants for admission must bring satisfactory testimonials as to their moral and religious character; if they are members of any church, they should bring certificates to that effect. They must also well sustain examination in the preparatory branches of an English education. They must be believers in the Holy Scriptures, must accept the Winchester Confession of faith, and must have a fixed determination to devote their lives to the Christian ministry.

DIPLOMAS.

Those only will be considered graduates of the school and entitled to its diploma, who shall have completed the three year' course of study herein laid down. Those who desire, may pursue a partial course, and will be entitled to a certificate stating the extent of the same.

DEGREES.

A Post Graduate Course has been established, to be completed in one year. The degree of *Bachelor of Divinity* is conferred on those completing this course, or its equivalent.

HERRING LIBRARY.

This Library was founded by the munificence of Mr. S. C. Herring, of New York. It contains a valuable and well selected collection of 8,000 volumes, composed in part of the libraries of the late Prof, Dr. K. A. Credner, of the University of Giessen, and of the late Rev. S. C. Loveland. The ample advantages thus furnished to students will be much increased by constant and liberal additions to the Library. Private Libraries, containing upwards of 4,000 volumes, are also open for the use of students.

GENERAL EXERCISES.

Lessons in Rhetoric and Elocution are given on Monday of each week.

After the study of Homiletics is commenced, in the second year, sermons are preached and criticised on Wednesday of each week during the remainder of the course.

A critical and exegetical study of the Greek Testamtnt is pursued during the Second and Third years, under the direction of the Professor of Biblical Languages.

Conference Meetings, conducted in succession by the Professors and by the Students of the different classes, are held every Sunday afternoon in the Chapel.

Examinations, either oral or written, are a regular order at the close of each Term.

TERMS AND VACATIONS.

The Academic Year commences on the fourth Wednesday in September, and ends on the last Thursday in June.

There are two vacations; one of twenty days at the close of the first Term; the next of ten weeks next preceding the commencement of the Academic year.

EXPENSES.

No charge is made for tuition, or for the use of the Library.

Good Board is furnished in the Institution at $3.00 per week, washing included.

Students who board in the Institution are expected to furnish their own bedding and the furniture of their rooms.

Board may also be obtained in private families at equally favorable rates.

The necessary expenditure for each student is, at the minimum, about $180 a year.

The General Convention grants aid by means of loans to students desiring to avail themselves of it. They can add to their resources by preaching during vacations, or at other times when deemed advisable by the Faculty.

MISCELLANEOUS.

As a general answer to many inquiries it may be stated here that, (1) The Canton Theological School is located at the county seat of St. Lawrence Co., in Northern New York; (2) That the University buildings are within the corporation, near to the Railway Station, and conveniently situated for those who desire to board in the village; (3) That one of the oldest and best Universalist parishes in the State is here, while the Universalist element is strong in the whole region: (4) That the opportunities for undistracted study are equal to the best; and that in the item of expenses, a student could scarcely expect to be more favorably conditioned.

The study of French and German—the latter under a native teacher—may be pursued, free of charge, with classes in the Collegiate Department, by all Theological Students desiring to do so.

INFORMATION.

ADMISSION.

For admission to the Freshman Class of the Classical Course, an examination must be well sustained in the following studies, or *their equivalents:*

Latin—Six books of the Æneid; three books of Cæsar's Commentaries; five Orations of Cicero; Harkness' Grammar, including Prosody; Harkness' Introduction to Latin Composition, to Part III; Liddell's History of Rome, to Book IV.

Greek—Goodwin's Greek Reader, or two books of Homer's Illiad, with three books of Xenophon's Anabasis; Goodwin's or Hadley's Greek Grammar, including Prosody; Writing Greek, with Accents.

Mathematics—Arithmetic; Algebra, to Equations of the Second Degree; the first Four Books of Loomis' Geometry.

Geography, History, Etc.—Modern Geography; History of the United States; English Grammar.

☞ Candidates for admission to the Freshman Class of the Scientific Course are examined as above, with the omission of Latin and Greek.

The Regular Examination of Candidates for admission will be held at the University on the Monday and Tuesday preceding the Annual Commencement, and also on the Tuesday and Wednesday of the first week of the Fall Term of the College Year.

Special Examinations will also be held during the last week in October and the first week in June of each year, on application of the Board of Education, *at any School to which a Free Scholarship has been given.* At such places, examination will be made of any applicant intending to pursue a regular course at the University, on the *whole* or *any part* of the requirements for admission; and a certificate issued on such branches as may have been successfully passed. This certificate, if presented within eighteen months, will entitle the holder to entrance without further examination on the branches certified to.

Whoever offers himself for examination thereby expresses his intention, if admitted, to enter the class for which he is examined.

Candidates for advanced standing will be examined in the studies previously pursued by the classes which they propose to enter. Candidates from other Colleges will be required to present certificates of dismission in good standing.

Tuition—The annual tuition fee for each student is thirty dollars. No reduction for absence, except in cases of prolonged sickness.

TERMS.

The First Term of the regular course of study will begin on the Wednesday next preceding the fourth Sunday in August, and will close December 24th.

The Second Term will begin on the second Wednesday in February and continue to Commencement day—Thursday next pre-

ceding the 4th of July, unless both occur the same week, in which case Commencement will be on the Thursday of the next preceding week.

TERM EXAMINATIONS.

There will be two examinations of all the classes each year, one at the close of each term, some of them oral, and some written.

PUBLIC WORSHIP.

Devotional exercises, consisting of prayer with reading of the Scriptures and singing, are conducted every morning in the College chapel; and all students are required to attend.

Students are required to regularly attend the church of their choice.

ABSENCES.

Students wishing to teach are allowed to be absent not more than ten weeks in any one year, on the condition of passing a satisfactory examination before the Faculty on all the subjects read by the class during their absence.

RHETORICAL EXERCISES.

One afternoon of each week during the College Year is set apart for Rhetorical Exercises, at which all students, at frequent and stated periods, are required to present orations, translations, essays or readings. In addition to these public exercises, frequent private rehearsals and careful personal drill are given to each student.

LAW LECTURES.

Through the courtesy of gentlemen of the legal profession, friends of the institution, with the assistance of members of the

Faculty, arrangements have been made to continue, during the Spring Term, the Course of Law Lectures instituted last year.

E. T. SHERMAN PRIZES.

A prize of Twenty Dollars is given annually to the student of the Junior Class who passes the most perfect written examination in Latin at the close of the Junior year.

Awarded, in 1880, to William B. Woods, of Canton.

A prize of Fifteen Dollars is given annually to the student of the Junior Class who passes the most perfect written examination in Mathematics.

Not awarded in 1880.

TEACHERS' CLASS.

For the benefit of those students who intend to make teaching a profession, regular and systematic instruction is given by the President in methods of teaching. The appreciation which the introduction of instruction on this subject has met, marks it as one of the most useful and practical features of the course of study.

DRAUGHTING.

Special instruction will be given in Freehand Drawing and Draughting, including the construction of the various kinds of geometrical and topographical drawings; the design and construction of machinery and bridges, and the preparation of architectural plans. Particular attention will be given to draughting in connection with surveying and other kindred subjects.

The Professor of Mathematics, a practical Civil Engineer, will have charge of this department.

SCIENTIFIC COURSE.

Students in this course have the option of pursuing any two of the three languages, French, German and Latin. When Latin

is taken, it is read through the entire course. The Faculty recommend that students in the Scientific course elect Latin as one of their languages.

DEGREES.

Graduates in the Classical Course receive the Degree of Bachelor of Arts.

Graduates in the Scientific Course receive the Degree of Bachelor of Science.

The degree of Master of Arts or Master of Science is conferred, in course, on such graduates of not less than three years' standing as shall, to the acceptance of the Faculty, have pursued, subsequent to graduation, professional, literary, philosophical or scientific studies.

LIBRARY.

All students in good standing are entitled to the privileges of Herring Library, which contains more than eight thousand volumes, comprising all classes of subjects.

READING ROOM.

A Reading Room, well furnished with the necessary tables, racks, &c., and supported and controlled jointly by the students of *both* departments, is open at all hours of the day. The following Reviews, Newspapers, &c., are on file the present year:

Appleton's Art Journal, School Bulletin, Journal of Chemistry.

Reviews—North American, International, Edinburgh, British, London, Westminster, Blackwood's.

Magazines—Scribner's, Harper's, Atlantic, Popular Science.

Dailies—Utica Morning Herald, New York Graphic.

Semi-Weeklies—Tribune, World.

Weeklies—Harper's, Scientific American, Nation, Evening Post,

Boston Post, Louisville Courier-Journal, San Francisco Chronicle, Kladderadatsch, Sanitarian, and the newspapers of the County.

By authority of the Executive Committee each student of the University is required to pay, on or before October 1st, in each year, a fee of One Dollar for the support of the Reading Room, unless excused therefrom by the Presidents of the Departments.

LAWS AND REGULATIONS.

I.

OF THE GOVERNMENT OF THE COLLEGE.

The President, in accordance with the By-Laws and Resolutions of the Board of Trustees, shall supervise and direct the course of instruction and the discipline of the College.

II.

RULES.

1. Every Student shall be subject to the laws and government of the College, and show in speech and behavior all proper respect and obedience to the Faculty. Any transgression of this law may be punished, even to expulsion, as the nature and aggravation of the case may demand.

2. If any student shall be guilty of an injury to the person, property, or premises of a fellow student, or of any other person within the town of Canton; or deface, or in any way injure the College walls, furniture or buildings, he shall make reparation therefor, according to the nature of the offense or injury; and be also subject to such punishment as the case may require.

3. Every student of the University, during the hours of study, shall abstain from hallooing, singing, loud talking, playing on any musical instrument, and from making any disorderly noise in or around the College Buildings.

4. No student shall go out of town, so as to be absent from any College exercise, without leave first obtained from the President or some other member of the Faculty.

5. Whenever any member of the Faculty shall be convinced that a student is guilty of frequenting bar-rooms, billiard-rooms or saloons; or of disorderly behavior; or of keeping improper company; or of idleness, or profane language, or profaning the Sabbath; or of the habitual use of intoxicating drinks; or that he is frequently absent from his room late at night, or in study hours without sufficient reason; he shall admonish him of his behavior, and if he continue unreformed, it shall be reported to the Faculty, who shall admonish him again, and make known his case to his parent or guardian; and if he still persists in such course he shall be expelled, and shall not be re-admitted except by vote of the Faculty.

6. Every student shall be answerable for all vicious, scandalous and immoral conduct during the several vacations, the same as in term-time.

7. Monthly reports of the standing and conduct of each student are made to his parents or guardian by the President; hence, if a student falls behind in his studies, or becomes disorderly, it is quickly known to those most interested.

III.

PAYMENT OF BILLS.

No student shall be permitted to enter on a second, or any succeeding term, unless he shall have paid, or made satisfactory arrangements with the Treasurer for paying the fees of the preceding term.

IV.

It is earnestly desired by the government of the University, that the students may be influenced to good conduct and diligence in study, by higher motives than fear of punishment.

The sense of duty and honor, and the generous feelings which belong to young men and women engaged in honorable pursuits, are appealed to as the best regulators of the student's conduct.

FREE SCHOLARSHIPS.

The Trustees of the University have established the following Free Scholarships:

Four Scientific and four Classical Scholarships (one of each annually) to the Union High School of Canton.

Four Scientific Scholarships (one annually) to the High School of Madrid, St. Lawrence county.

Four Classical Scholarships (one annually) to the High School of Massena, St. Lawrence county.

Four Scientific Scholarships (one annually) to the High School of Colton, St. Lawrence county.

Four Scientific Scholarships (one annually) to the High School of Richville, St. Lawrence county.

Four Classical Scholarships (one annually) to the Academic Department of the Union School of Waddington, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to the High School of Hermon, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to Lawrenceville Academy, Lawrenceville, St. Lawrence county.

Two Scientific and two Classical Scholarships (one annually) to the Union High School of Gouverneur.

Four Scientific and four Classical Scholarships (one of each annually) to Clinton Liberal Institute, Fort Plain, Montgomery county.

These Scholarships are granted and established under the following conditions and regulations:

1. They may be granted to students of either sex; and shall be held to cancel all claims for tuition.

2. The candidate for a Scholarship shall declare his purpose to pursue a full course of four years in the University. In case any student shall, for any reason, abandon the course without completing it, unless excused by the President, he shall pay tuition in full for all the time he has attended the University under such Scholarship.

3. The candidate shall present to the President evidence of good moral character; shall be in good health, and pledged to study the laws of health and observe them; and shall not be less than fifteen years of age.

4. A wilful violation of the Rules and Regulations of the University; the use of intoxicating liquors as a beverage; or any course of conduct unbecoming a young man or a young woman as a member of the University, shall be deemed by the President a sufficient reason to cancel said scholarship. In case any student holding one of these scholarships shall fail to maintain the requisite standing for continuance in the University, or from sickness, or any other cause, is absent for two successive terms from the regular exercises of his class, the scholarship may be declared vacant by the President.

5. The Board of Education of the several schools, to whom all applications should be made, shall have sole power to nominate candidates for these scholarships. These Boards shall be restricted, however, to the nomination of such only as are actually members of the schools which they represent. If two or more applications be made for the same scholarship it is recommended by the University that the nomination be made upon the result of a competitive examination, all other things being equal.

6. The candidate upon receiving a nomination for a Free Scholarship from such Board, shall be required to pass *without conditions*, an examination upon those branches required for entrance (see pages 15 and 16) before becoming entitled to its privileges.

COMPARISON OF COURSES.

INFORMATION.

FOUNDATION.

This School was established in April, 1858, through efforts which originated in the New York Universalist Educational Society, and is sustained by the Universalist Denomination of Christians.

REQUISITES FOR ADMISSION.

Applicants for admission must bring satisfactory testimonials as to their moral and religious character; if they are members of any church, they should bring certificates to that effect. They must also well sustain examination in the preparatory branches of an English education. They must be believers in the Holy Scriptures, must accept the Winchester Confession of faith, and must have a fixed determination to devote their lives to the Christian ministry.

DIPLOMAS.

Those only will be considered graduates of the school and entitled to its diploma, who shall have completed the three year' course of study herein laid down. Those who desire, may pursue a partial course, and will be entitled to a certificate stating the extent of the same.

DEGREES.

A Post Graduate Course has been established, to be completed in one year. The degree of *Bachelor of Divinity* is conferred on those completing this course, or its equivalent.

HERRING LIBRARY.

This Library was founded by the munificence of Mr. S. C. Herring, of New York. It contains a valuable and well selected collection of 8,000 volumes, composed in part of the libraries of the late Prof. Dr. K. A. Credner, of the University of Giessen, and of the late Rev. S. C. Loveland. The ample advantages thus furnished to students will be much increased by constant and liberal additions to the Library. Private Libraries, containing upwards of 4,000 volumes, are also open for the use of students.

GENERAL EXERCISES.

Lessons in Rhetoric and Elocution are given on Monday of each week.

After the study of Homiletics is commenced, in the second year, sermons are preached and criticised on Wednesday of each week during the remainder of the course.

A critical and exegetical study of the Greek Testament is pursued during the Second and Third years, under the direction of the Professor of Biblical Languages.

Conference Meetings, conducted in succession by the Professors and by the Students of the different classes, are held every Sunday afternoon in the Chapel.

Examinations, either oral or written, are a regular order at the close of each Term.

TERMS AND VACATIONS.

The Academic Year commences on the fourth Wednesday in September, and ends on the last Thursday in June.

There are two vacations; one of twenty days at the close of the first Term; the next of eleven weeks next preceding the commencement of the Academic year.

EXPENSES.

No charge is made for tuition, or for the use of the Library.

Good Board is furnished in the Institution at $3.00 per week, washing included.

Students who board in the Institution are expected to furnish their own bedding and the furniture of their rooms.

Board may also be obtained in private families at equally favorable rates.

The necessary expenditure for each student is, at the minimum, about $180 a year.

The General Convention grants aid by means of loans to students desiring to avail themselves of it. They can add to their resources by preaching during vacations, or at other times when deemed advisable by the Faculty.

MISCELLANEOUS.

As a general answer to many inquiries it may be stated here that, (1) The Canton Theological School is located at the county seat of St. Lawrence county, in Northern New York; (2) That the University buildings are within the corporation, near to the Railway Station, and conveniently situated for those who desire to board in the village; (3) That one of the oldest and best Universalist parishes in the State is here, while the Universalist element is strong in the whole region; (4) That the opportunities for undistracted study are equal to the best; and that in the item of expenses, a student could scarcely expect to be more favorably conditioned.

The study of French and German—the latter under a native teacher—may be pursued, free of charge, with classes in the Collegiate Department, by all Theological Students desiring to do so.

INFORMATION.

ADMISSION.

For admission to the Freshman Class of the Classical Course, an examination must be well sustained in the following studies, or *their equivalents:*

Latin—Six books of the Æneid; three books of Cæsar's Commentaries; five Orations of Cicero; Harkness' Grammar, including Prosody; Harkness' Introduction to Latin Composition, to Part III; Liddell's History of Rome, to Book IV.

Greek—Goodwin's Greek Reader, or two books of Homer's Illiad, with three books of Xenophon's Anabasis; Goodwin's or Hadley's Greek Grammar, including Prosody; Writing Greek, with accents; Smith's Greek History, to Book III.

Mathematics—Arithmetic; Algebra, to Equations of the Second Degree; the first Four Books of Loomis's Geometry.

Geography, History, Etc.—Modern Geography: History of the United States; English Grammar.

☞Candidates for admission to the Freshman Class of the Scientific Course are examined as above, with the omission of Latin and Greek.

The Regular Examination of Candidates for admission will be held at the University on the Monday and Tuesday preceding the Annual Commencement, and also on the Tuesday and Wednesday of the first week of the Fall Term of the College Year.

Special Examinations will also be held in October and June of each year, on application of the Board of Education, *at any School to which a Free Scholarship has been given.* At such places examination will be made of any applicant intending to pursue a regular course at the University on the *whole* or *any part* of the requirements for admission; and a certificate issued on such branches as may be successfully passed. This certificate, if presented within eighteen months, will entitle the holder to entrance without further examination on the branches certified to.

Whoever offers himself for examination thereby expresses his intention, if admitted, to enter the class for which he is examined.

Candidates for advanced standing will be examined in the studies previously pursued by the classes which they propose to enter. Candidates from other Colleges will be required to present certificates of dismission in good standing.

Tuition—The annual tuition fee for each student is thirty dollars. No reduction for absence, except in cases of prolonged sickness.

TERMS

The First Term of the regular course of study will begin on the Wednesday next preceding the fourth Sunday in August, and will close December 23rd.

The Second Term will begin on the second Wednesday in February and continue to Commencement day—Wednesday

next preceding the 4th of July, unless both occur the same week, in which case Commencement will be on the Wednesday of the next preceding week.

TERM EXAMINATIONS.

A thorough examination of all the classes will be held at the close of each term.

PUBLIC WORSHIP.

Devotional exercises, consisting of prayer with reading of the Scriptures and singing, are conducted every morning in the College chapel; and all students are required to attend.

Students are required to attend regularly on Sunday the church of their choice.

ABSENCES.

Students wishing to teach are allowed to be absent not more than ten weeks in any one year, on the condition of passing satisfactory examinations before the Faculty on all the subjects read by the class during their absence.

RHETORICAL EXERCISES.

One afternoon of each week during the College Year is set apart for Rhetorical Exercises, at which all students, at frequent and stated periods, are required to present orations, translations, essays or readings. In addition to these public exercises, frequent private rehearsals and careful personal drill are given to each student.

LECTURES AND EVENING READINGS.

During the Spring Term, lectures upon special themes will be delivered, alternating with which will be given a series of readings, consisting of selections from the ancient and modern

classics, with rapid illustration and commentary. These are open to all students of the University and to the general public. The following are announced:

Feb. 22. Lecture—"Grecian Architecture,"

" 26. Reading—Homer—"Illiad,"...George J. Clarke, A. B.
May 3. Lecture..... .....Rev. D. B. White.

E. T. SHERMAN PRIZES.

A prize of Twenty Dollars is given annually to the student of the Junior Class who passes the most perfect written examination in Latin at the close of the Junior year.

Awarded in 1881, to Florence J. Lee, of Canton.

A prize of Fifteen Dollars is given annually to the student of the Junior Class who passes the most perfect written examination in Mathematics.

Awarded in 1881, to Isabel A. Church.

L. W. RUSSELL PRIZE.

A prize of Twenty Dollars has this year been offered by the Honorable Leslie W. Russell, of Canton, to the member of the Freshman Class showing the greatest excellence in oratory; also, a second prize of Ten Dollars to the member of the same class standing next in proficiency.

TEACHERS' CLASS.

For the benefit of those students who intend to make teaching a profession, regular and systematic instruction is given by the President in methods of teaching. The appreciation which the introduction of instruction on this subject has met, marks it as one of the most useful and practical features of the course of study.

ASTRONOMY.

The Professor of Mathematics has recently purchased a fine telescope, with achromatic object-glass four inches in diameter, made by Bardou, of Paris. The tube is of highly finished brass and is equatorially mounted on a mahogany stand. The performance of this instrument is fine, and by the use of the celestial eye-piece, which magnifies from sixty to two hundred and fifty diameters, good views of the various nebulæ, star clusters and double stars may be obtained, thus affording extra facilities for the study of astronomy.

DRAUGHTING.

Special instruction will be given in Freehand Drawing and Draughting, including the construction of the various kinds of geometrical and typographical drawings, the design and construction of machinery and bridges, and the preparation of architectural plans. Particular attention will be given to draughting in connection with surveying and other kindred subjects.

The professor of Mathematics, a practical Civil Engineer, will have charge of this department.

SCIENTIFIC COURSE.

Students in this course have the option of pursuing any two of the three languages, French, German and Latin. When Latin is taken, it is read through the entire course. The

Faculty recommend that students in the Scientific Course elect Latin as one of their languages.

DEGREES.

Graduates in the Classical Course receive the Degree of Bachelor of Arts.

Graduates in the Scientific Course receive the Degree of Bachelor of Science.

The Degree of Master of Arts or Master of Science will be conconferred on such graduates, of not less than three years' standing, as shall have pursued, to the acceptance of the Faculty, subsequent to graduation, professional, literary, philosophical or scientific studies.

LIBRARY.

All students in good standing are entitled to the privileges of Herring Library, which contains nearly nine thousand volumes, comprising all classes of subjects.

READING ROOM.

A Reading Room, well furnished with the necessary tables, racks, &c., and supported and controlled jointly by the students of *both* Departments, is open at all hours of the day. The following Reviews, Newspapers, &c., are on file the present year:

New England Journal of Education, School Bulletin, Journal of Chemistry, The Critic, College Record.

Reviews—North American, International, Edinburgh, London, Westminster, Blackwood's, Contemporary, Universalist Quarterly, Unitarian Review, Bibliotheca Sacra, Sword and Trowel, S. S. Helper.

Magazines—Scribner's, Harper's, Atlantic, Popular Science, Education, Herald of Health, Good Health, Musical Herald.

Dailies—Utica Morning Herald, Brooklyn Evening Times, Watertown Times.

Semi-Weeklies—Tribune, World.

Weeklies—Scientific American, Nation, Evening Post, Kladderadatsch, Harper's Weekly, Harper's Bazar, London Times, San Francisco Chronicle, Louisville Courier-Journal, Atlanta Constitution, Lewiston Journal, Burlington Hawkeye, Spirit of the Times, Toronto Globe, Woman's Journal, Boston Sunday Herald, New York Independent, Christian Leader, Gospel Banner, Star and Covenant, Christian Register, Christian Statesman, Signs of the Times, Methodist, Christian Union, New Religion, Alliance, New Englander, and the newspapers of the County.

By authority of the Executive Committee each student of the University is required to pay, on or before October 1st, in each year, a fee of One Dollar for the support of the Reading Room, unless excused therefrom by the Presidents of the Departments.

LAWS AND REGULATIONS.

I.

OF THE GOVERNMENT OF THE COLLEGE.

The President, in accordance with the By-Laws and Resolutions of the Board of Trustees, shall supervise and direct the course of instruction and the discipline of the College.

II.

RULES.

1. Every student shall be subject to the laws and government of the College, and show in speech and behavior all proper respect and obedience to the Faculty. Any transgression of this law may be punished, even to expulsion, as the nature and aggravation of the case may demand.

2. If any student shall commit an injury to the person, property, or premises of a fellow student, or of any other person within the town of Canton; or deface, or in any way injure the College walls, furniture or buildings, he shall make reparation therefor, according to the nature of the offense or injury; and be also subject to such punishment as the case may require.

3. Every student of the University, during the hours of study, shall abstain from hallooing, singing, loud talking, playing on any musical instrument, and from making any disorderly noise in or around the College Buildings.

4. No student shall go out of town, so as to be absent from any College exercises, without leave first obtained from the President or some member of the Faculty.

5. When any member of the Faculty shall be convinced that a student is guilty of frequenting bar-rooms, billiard-rooms or saloons; or of disorderly behavior; or of keeping improper company; or of idleness, or profane language, or profaning the Sabbath; or of the habitual use of intoxicating drinks; or that he is frequently absent from his room late at night, or in study hours without sufficient reason; he shall admonish him of his behavior; and if he continues unreformed, it shall be reported to the Faculty, who shall admonish him again, and make known his case to his parents or guardian; and if he still persists in such course he shall be expelled, and shall not be re-admitted except by vote of the Faculty.

6. Every student shall be answerable for all vicious, scandalous and immoral conduct during the several vacations, the same as in term-time.

7. Monthly reports of the standing and conduct of each student are made to his parents or guardian by the President; hence, if a student falls behind in his studies, or becomes disorderly, it is quickly known to those most interested.

III.

PAYMENT OF BILLS.

No student shall be permitted to enter on a second, or any succeeding term, unless he shall have paid, or made satisfactory arrangements with the Treasurer for paying the fees of the preceding term.

IV.

It is earnestly desired by the government of the University, that the students may be influenced to good conduct and diligence in study, by higher motives than fear of punishment.

The sense of duty and honor, and the generous feelings which belong to young men and women engaged in honorable pursuits, are appealed to as the best regulators of the student's conduct.

FREE SCHOLARSHIPS.

The Trustees of the University have established the following Free Scholarships:

Four Scientific and four Classical Scholarships (one of each annually) to the Canton Union School of Canton, St. Lawrence County.

Four Scientific Scholarships (one annually) to the High School of Madrid, St. Lawrence County.

Four Classical Scholarships (one annually) to the High School of Massena, St. Lawrence County.

Four Scientific Scholarships (one annually) to the High School of Colton, St. Lawrence County.

Four Scientific Scholarships (one annually) to the High School of Richville, St. Lawrence County.

Four Classical Scholarships (one annually) to the Union School of Waddington, St. Lawrence County.

Two Scientific and two Classical Scholarships (one annually) to the High School of Hermon, St. Lawrence County.

Two Scientific and two Classical Scholarships (one annually) to Lawrenceville Academy, Lawrenceville, St. Lawrence County.

Two Scientific and two Classical Scholarships (one annually) to the Union High School of Gouverneur.

Four Scientific Scholarships (one annually) to the High School of Heuvelton, St. Lawrence County.

Four Scientific Scholarships (one annually) to the High School of Russell, St. Lawrence County.

Four Scientific and four Classical Scholarships (one of each annually) to the Clinton Liberal Institute, Fort Plain, Montgomery County.

These Scholarships are granted and established under the following conditions and regulations:

1. They may be granted to students of either sex; and shall be held to cancel all claims for tuition.

2. The candidate for a Scholarship shall declare his purpose to pursue a full course of four years in the University. In case any student shall, for any reason, abandon the course without completing it, unless excused by the President, he shall pay tuition in full for all the time he has attended the University under such Scholarship.

3. The candidate shall present to the President evidence of good moral character; shall be in good health, and pledged to study the laws of health and observe them; and shall not be less than fifteen years of age.

4. A wilful violation of the Rules and Regulations of the University; the use of intoxicating liquors as a beverage; or any course of conduct unbecoming a young man or a young woman as a member of the University, shall be deemed by the President a sufficient reason to cancel said Scholarship. In case any student holding one of these Scholarships shall fail to maintain the requisite standing for continuance in the University, or from sickness, or any other cause, is absent for two successive terms from the regular exercises of his class, the Scholarship may be declared vacant by the President.

5. The Boards of Education of the several schools, to whom all applications should be made, shall have sole power to nominate candidates for these Scholarships. These Boards shall be restricted, however, to the nomination of such as are actually members of the schools which they represent. If two or more applications be made for the same Scholarship it is recommended by the University that the nomination be made upon the result of a competitive examination, all other things being equal.

6. The candidate, upon receiving a nomination for a Free Scholarship from such Board, shall be required to pass, *without conditions*, an examination upon those branches required for entrance (see pages 15 and 16) before becoming entitled to its privileges.

FISHER MEMORIAL HALL.

Particular attention is directed to the fact that the new building, erected for the special and exclusive use of the Theological School, and designed as a permanent and suitable memorial of its first President, the late Ebenezer Fisher, D. D., approaches completion, and it is expected, will be ready for dedication at the next Commencement, June, 1882. It is built of the Canton marble, a fine French gray stone, is trimmed with the Potsdam sandstone, and is constructed in the most solid and thorough manner throughout. In style it is Gothic. It contains recitation rooms, office, and society rooms, but its principal feature is the Chapel, which is designed both without and within to bring into prominence the memorial character of the building. On the completion of this Hall, the Canton Theological School will enjoy facilities of every kind which will place it on a level with the first institutions of its class in the country.

INFORMATION.

FOUNDATION.

This school was established in April, 1858, through efforts which originated in the New York Universalist Educational Society, and is sustained by the Universalist Denomination of Christians.

REQUISITES FOR ADMISSION.

Applicants for admission must bring satisfactory testimonials as to their moral and religious character; if they are members of any church, they should bring certificates to that effect. They must also well sustain examination in the preparatory branches of an English education. They must be believers in the Holy Scriptures, must accept the Winchester Confession of faith, and must have a fixed determination to devote their lives to the Christian ministry.

DIPLOMAS.

The regular course of instruction extends through three years. Those only will be considered graduates of the School and entitled to its diploma, who shall have completed the three years' course of study herein laid down. Those who desire, may pursue a partial course, and will be entitled to a certificate stating the extent of the same.

DEGREES.

A Post Graduate Course has been established, to be completed in one year. The degree of *Bachelor of Divinity* is conferred on those completing this course, or its equivalent.

HERRING LIBRARY.

This Library was founded by the munificence of the late Silas C. Herring, of New York. It contains a valuable and well selected collection of 8,000 volumes, composed in part of the libraries of the late Prof. Dr. K. A. Credner, of the University of Giessen, and of the late Rev. S. C. Loveland. The ample advantages thus furnished to students will be much increased by constant and liberal additions to the Library. Private Libraries, containing upwards of 4,000 volumes, are also open for the use of students.

READING ROOM.

The Reading-Room, as at present conducted, is under the joint management and is for the joint use of the two departments. An annual fee of $1.00 from each student is required by the Board of Trustees, for its support, and as the condition of enjoying all its privileges. In addition to a large list of secular publications, the Reading-Room keeps on file the following denominational and religious publications:

Christian Leader, Christian Statesman, Signs of the Times, Christian Register, Gospel Banner, Star and Covenant, New Englander, Methodist, Christian Union, New Religion, Alliance, Universalist Quarterly, Unitarian Review, Bibliotheca Sacra, Sword and Trowel, Sunday School Helper.

GENERAL EXERCISES.

Lessons in Rhetoric and Elocution are given on Monday afternoon of each week.

After the study of Homiletics is commenced, in the second

year, sermons are preached and criticised on Wednesday of each week during the remainder of the course.

A critical and exegetical study of the Greek Testament is pursued during the Second and Third years, under the direction of the Professor of Biblical Languages.

Conference meetings, conducted in succession by the Professors and by the Students of the different classes, are held every Sunday afternoon in the Chapel.

Examinations, either oral or written, are a regular order at the close of each term.

TERMS AND VACATIONS.

The Academic Year commences on the fourth Wednesday in September, and ends on the last Thursday in June.

There are two vacations; one of twenty days at the close of the first Term; the next of eleven weeks next preceding the commencement of the Academic year.

EXPENSES.

No charge is made for tuition, or for the use of the Library.

Good Board is furnished in the institution at $3.00 per week, washing included.

Students who board in the institution are expected to furnish their own bedding and the furniture of their rooms.

Board may also be obtained in private families at equally favorable rates.

The necessary expenditure for each student is, at the minimum, about $180 a year.

The General Convention grants aid by means of loans to students desiring to avail themselves of it. They can add to their resources by preaching during vacations, or at other times when deemed advisable by the Faculty.

THE LESTER TAYLOR FUND.

The foundation of a fund for the benefit of students who are unable to defray the expenses of their own education (in this School) for the Universalist Ministry, has been laid by the thoughtful generosity of the late Lester Taylor, of Fly Creek, N. Y. It is known as "The Lester Taylor Fund," and, although the income is as yet small, there is good promise of its increase at an early day to a sum sufficient to yield considerable aid. To the extent to which the increase of this Fund can be availed of, students will be saved the necessity of incurring debt by loans from other sources.

MISCELLANEOUS.

As a general answer to many inquiries it may be stated here that, (1) The Canton Theological School is located at the county seat of St. Lawrence county, in Northern New York, on the Rome, Watertown and Ogdensburg R. R.; (2) That the University buildings are within the corporation, near the Railway station, and conveniently situated for those who desire to board in the village; (3) That one of the oldest and best Universalist parishes in the State is here, while the Universalist element is strong in the whole region; (4) That the opportunities for undistracted study are equal to the best; and that in the item of expenses, a student could scarcely expect to be more favorably conditioned. It may be further stated that Canton has the reputation of being one of the healthiest places in the country—a reputation which it has amply sustained in the experience of twenty-three classes of students.

The study of French and German—the latter under a native teacher—may be pursued, free of charge, with classes in the Collegiate Department, by all Theological students desiring to do so.
